RESEARCH IN GROUPS AT ZiF

The **Center for Interdisciplinary Research (ZiF)** is Bielefeld University's Institute for Advanced Study. It offers opportunities—with respect to time, space, and funding—for outstanding interdisciplinary research. ZiF is open to scholars from all disciplines post-PhD, based in Germany and abroad. They can propose a research project to be conducted with a curated group of (preferably) international colleagues.

To support the work of groups on-site in Bielefeld, ZiF allocates financial resources and provides infrastructure as well as organisational support. If their collaborative application is successful, ZiF will host these groups on its campus.
